## YANMAR

#### GRADING, SCRAPING & LEVELING

# Versatility you need to grade, scrape and backfill using Yanmar grader blades, equipped for many jobs and terrains.

## YANMAR SUB-COMPACT REAR GRADER BLADE YGB104

The Sub-Compact Rear Grader Blade excels at grading or scraping gravel, sand, dirt and snow. With this 4' implement, customers can level or backfill areas with ease. Adjustable blade angles allow the operator to push and place materials in any direction.

### YANMAR REAR GRADER BLADES YGB205, YGB206, YGB207

The Rear Grader Blade is the ideal implement to handle farm and ranch grading and scraping needs. Sand, gravel, and snow are no match for this implement with its pull-pin design, which lets the customer change the blade angles to suit their needs.

#### YANMAR HEAVY-DUTY REAR GRADER BLADES YGB306, YGB307

The Heavy-Duty Rear Grader Blade effectively levels and scrapes gravel, sand, dirt, and snow. Our 6' and 7' models feature a reinforced and adjustable blade which also offsets to the left or right to allow for closer grading on one side while providing tire clearance of an obstacle. These units are perfect for maintaining draining ditches and roadsides.

SUBCOMPACT, STANDARD & HEAVY DUTY
