

Tough terrain needs a tougher tractor.

Designed for properties that have challenging terrain, the new YANMAR 424 has a higher ground clearance and is incredibly stable under tough conditions. Powered by YANMAR's renowned 3-cylinder, liquid-cooled diesel engine you get a unique combination of power and fuel efficiency. Its performance is complemented by an all-new operator's platform that was designed with you in mind. The 424 is easier to climb on and off, features a more comfortable seat position and puts every instrument and control at your fingertips. It's a tough tractor designed to do a tough job.

INNOVATIVE DESIGN AND TECHNOLOGY

COVER THE TOUGHER TERRITORY.

The 424 is outfitted with a larger, more aggressive tire package. This makes for a tractor with increased ground clearance and greater operational stability over challenging terrain. It means you can get on board and operate in the toughest of territory with complete comfort and confidence. And with this increased operating confidence, you'll be able to get even more out of what your land has to offer. Not bad, huh?

SIMPLY PUT, LIFT MORE.

The pure power of the 424 means the front loader can lift a category leading 1,200 lbs of anything you wish to lift. That's power usually associated with much larger tractors. But that's YANMAR's strength. Powered by fuel-efficient diesel engines that let you do more. And the last time we checked, more is good.

PRECISE REAR IMPLEMENT CONTROL.

Making sure your rear implements operate in a position that's always repeatable means your tasks get done quickly and more accurately. And that's what YANMAR's unique True Position Control delivers. An easy-to-reach control lever controls the rear implements operating height and makes sure it's always right where you need it. Makes for easy operation. And it takes better care of your land. Everyone likes that.

424MULTI-PURPOSE
COMPACT TRACTOR

FEATURES

REDESIGNED OPERATOR STATION WITH COMFORT SEAT

CAST IRON TRANSMISSION AND FRONT AXLE AND DUA HYDRAULIC PUMP

TWO SIDE-BY-SIDE HYDROSTATIC TRANSMISSION PEDALS

FULL-FRAME CHASSIS

ELECTRO HYDRO
INDEPENDENT PTO WITH
ONF-TOLICH ON/OFF

FRONT-END LOADER CAPACITY + QUICK HITCH

SMOOTH, HYDRAULIC POWER STEERING

ASSEMBLED IN THE USA

All YANMAR tractors are assembled in our state-of-the-art facility in Adairsville, GA, just north of Atlanta. Replacement parts are quickly fulfilled from this location to anywhere in North America. Plus, a ten-year limited powertrain warranty is standard on all new tractor purchases.

DEALERS WHO SHARE OUR COMMITMENTYANMAR tractors are sold and serviced by a network of dealers who are committed to serving the communities in which they live and work. They share our passion for the land as well as a passion for unsurpassed service. To find the dealer nearest you, please visit YanmarTractor.com.
