# LEGENDARY TRACTORS TO POWER YOUR EXTRAORDINARY LIFE

Our story began with one simple and powerful tenet: “To conserve fuel is to serve mankind.” Everything we create is based on our commitment to quality—providing efficient, sustainable solutions for stewards of the land.

We understand that the choices you make today will have a lasting effect on future generations, which is why we are **built better to last longer.**

**OUTSTANDING CRAFTSMANSHIP**  
Built for superior durability and reliability, and surpassing industry standards at every turn, the YM2 series is designed to stand the test of time. Enjoy a legacy your family will value for generations.

NEW

# YM2 Series

The YM2 line offers Yanmar craftsmanship and engineering in a compact, agile body. Enjoy the highest lift capacity in this horsepower range, and the ergonomic design and efficiency features you deserve.

For those who need that extra burst of power, the YM238 includes Turbo!

## POWERFUL PERFORMANCE

True to Yanmar's unmatched reputation for reliability, the YM2 series engines are not only tough enough for all your tasks, they're the best in class for fuel efficiency and the cleanest in the category. The YM2 series is truly the star of the next generation of compact tractors.
