📚 YANMAR

When you climb on board, you're taking a step up.

Don't settle for less when you can have more. YANMAR's 221 is a fully outfitted tractor powered by our legendary 3-cylinder, liquid-cooled diesel engine. Designed with the operator in mind, it's built for comfort and ease of operation. Wide open sight lines and easy access to all instruments and controls make it more pleasurable to operate, while the full-frame chassis lessens vibration for a smoother ride. This is the step up you deserve.

INNOVATIVE DESIGN AND TECHNOLOGY

SLEEK NEW LOOK. SAME RELIABILITY.

This tractor is built for the people who share our passion for the land and believe in working that land the right way. Not only is it built with a powerful, fuel-efficient engine to work all day, its sleek design is engineered for comfort and efficiency. Now in red. The color of passion. Because when it comes to a love of the land, we know you're not alone.

BUILT TOGETHER TO WORK TOGETHER.

YANMAR makes all the major drivetrain components — the engine, transmission and axles — in-house. And because they're made together to work perfectly together, you get a hardworking machine with more useable horsepower, less power loss and a smoother, more comfortable ride. We call it Performance Link Technology™ You'll quickly appreciate it as a tractor designed to work as hard as you do.

COMFORT AND PRODUCTIVITY BUILT RIGHT IN.

A large, comfortable operator's station provides easy access to all controls. The hydrostatic transmission, with convenient side-by-side pedals, allows you to get the job done regardless of terrain or the implement you're using. And, smooth hydraulic power steering delivers no kickback in the steering wheel for less operator fatigue. It's a tractor the whole family can operate.

TRACTORS / 221

221 MULTI-PURPOSE COMPACT TRACTOR

FEATURES

OPERATOR STATION WITH COMFORT SEAT

CAST IRON TRANSMISSION AND FRONT AXLE AND DUAL HYDRAULIC PUMP

WO SIDE-BY-SIDE HYDROSTATIC TRANSMISSION PEDALS

FULL-FRAME CHASSIS

ELECTRO HYDRO NDEPENDENT PTO WITH DNE-TOUCH ON/OFF
